ABOUT US

TyreZim is a proudly Zimbabwean business that specialises in the supply, fitment, and servicing of a wide range of world-class tyre brands.

Founded in 2012, we pride ourselves on supplying the right product at the right price. We select brands that deliver the best value and the lowest cost of ownership to our customers. As a leader in the industry, we aim to provide expert advice and quality products.

MISSION & VISION

Mission

At TyreZim, we work tirelessly to ensure that we bring our customers products that we believe in.

We are highly selective about the brands we supply, and we only offer products that meet our high-quality standards. We aim to build trust with our clients, by keeping up to date with market trends and ensuring that each product meets our rigorous standards. At TyreZim, you can expect quality products at competitive prices, excellent customer service and professional advice.

Vision

Our vision is to become Zimbabwe's leading tyre supply, fitment, and service company. With our customer in mind, we are constantly working towards broadening our reach to bring quality tyres and services to every corner of the country. TyreZim is opening new outlets across Zimbabwe – to bring the best quality at the best price to your doorstep.

OUR PRODUCTS

Alliance has a wide range of highly specialised tyres, and each product is carefully engineered keeping the latest technology in mind. It offers the widest range in terms of prices, sizes, and patterns, which are available for various agricultural and industrial applications. Alliance is the market leader in Row Crop and a pioneer in Flotation tyres and boasts a very comprehensive line-up of tyres for tractors, sprayers, and spreaders.

Triangle Tyre provides high quality, innovative tyre products at competitive prices. They service the commercial industry with an extensive line of dependable and fuel-efficient medium radial tyre products for the trucking industry, as well as a gull range of premium quality radial and bias Off the Road (OTR) products for construction, mining, and aggregate operations. For the consumer, they have a wide-ranging line-up of passenger and light truck tyres, including ultra-high performance, winter tyres and speciality trailer tyres.

TERRAKING

Terraking are well-established, quality products which come at great prices. Top-of-the-range manufacturing equipment monitored by a first-class technical team, results in the production of more than 29 million Terraking truck and passenger tyres each year. Their products have obtained nearly all domestic and international certification, including CCC, ISO, SONCAP, SASO, GCC, DOT, ECE, and INMETRO. Terraking strives to create quality tyres, with a goal to become one of the world's best-known tyre manufacturers.

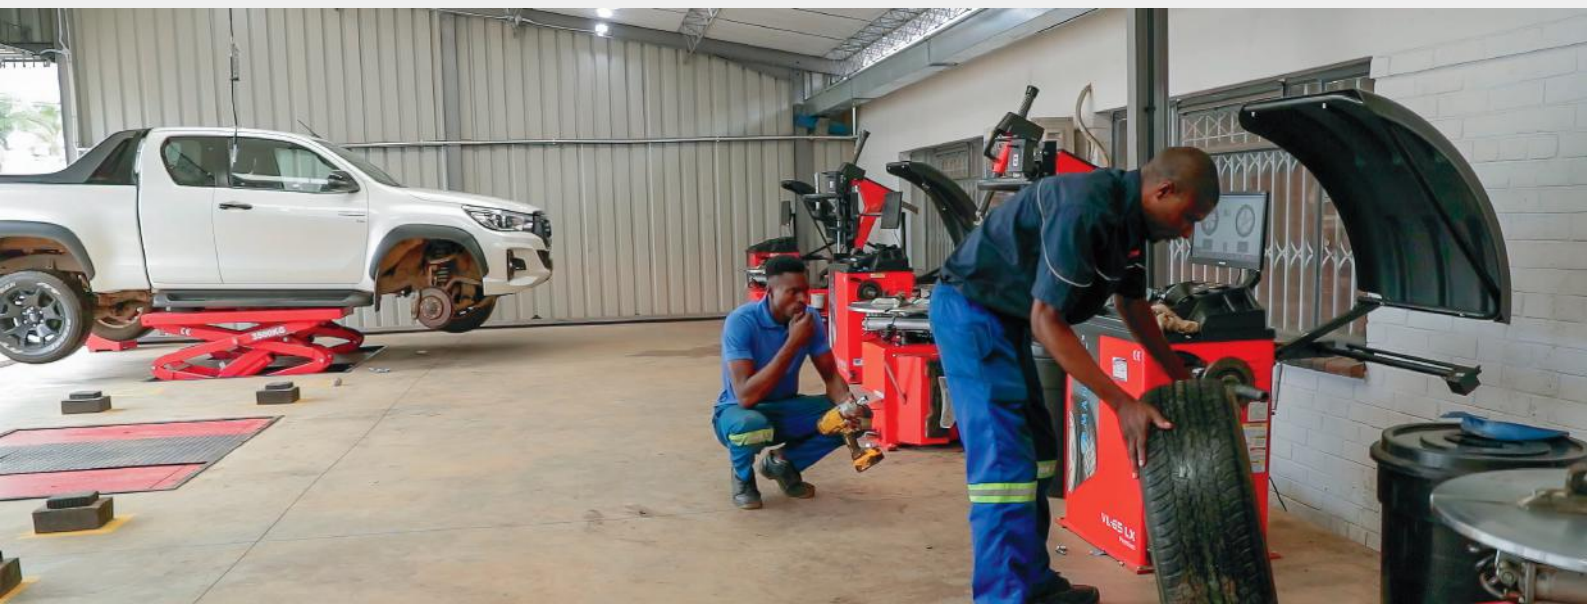

OUR PRODUCTS

Nexen produces tyre inner tubes, and retread envelopes of the highest quality. Its products are exported to over 140 countries around the world and it is the principal supplier for a number of key automobile manufacturers.

Since the early nineties, Zowin has been concentrating research and development for special-use tyres such as industrial, construction, port-use, and mining tyres. Their products cover more than 600 specifications and have excellent adaptability with high scores on wear resistance, puncture resistance, high temperature resistance, and performance under heavy loads. Zowin's reputation is climbing in the world market, with some products being supplied to several top machinery manufacturers such as OEM.
